UNIVERSITY PATHWAYS AT ACS COBHAM

ACS Cobham has a dedicated team within the High School that are purely focused on ensuring our students onward pathway is a tailored to each students needs.

This has led to students moving on from ACS Cobham to a wide and varied University pathway and vocational further education.

COLLEGE COUNSELLING PROGRAMME

At ACS Cobham, we take great pride in developing effective, confident and caring individuals who leave ACS as well rounded global citizens ready to act, lead and change the world.

Our university and college counsellors work with each student individually to offer bespoke, expert provision to meet a student's needs by giving value to their individual strengths. From Grade 10 (aged 15/16) onwards the students begin to explore opportunities, are advised on subject selection and are guided through the application process by their nominated counsellor. The counsellors maximise student opportunities providing comprehensive, honest information that will allow students and families to make informed decisions and find the "best fit" university or pathway.

Our counsellors have a wealth of experience working with a breadth of universities and

colleges around the world navigating challenging admission requirements and advocating for students. Each year students attend world-class colleges and universities in the UK, the US and around the world, with the majority going to the UK and the US.

Counsellors support students in the following ways:

- Career research
- Personal statement preparation
- Application process support
- Queries on funding and scholarships
- One-to-one sessions with students (and parents if requested)
- University and College visits and fairs
- Skills workshops

HOW DOES THIS DIFFER TO OTHER SCHOOLS?

The team's familiarity with a breadth of global destinations is one of the key differences. Each year, our students apply to a whole range of countries: UK, US, Japan, Netherlands, Cyprus, Italy, Austria, Spain etc.

This keeps our knowledge and expertise in these destinations up to date, and we are connected to a network of admissions officers across global universities. Additionally, we have a broad understanding of different qualifications and educational experiences, outside of the standard GCSE/A-Level curriculum.

SELECTION OF UNIVERSITY COURSES

SELECTION OF ONWARD UNIVERSITY PATHWAYS

UK UNIVERSITIES

Oxford University

Ben is heading to Oxford University to study Law. He excelled across the AP programme, completing more than seven AP courses during Grades 9, 10 and 11. He believes the breadth and flexibility of the AP programme gave him the choices and opportunities that helped shape his journey to Oxford.

Cambridge University

Charlotte is heading to Cambridge University to study Psychological and Behavioural Sciences. She achieved an outstanding 44 points out of 45 in the IB Diploma, placing her among the top IB graduates this year. She credits the support of our University Counselling team as an important part of her success.

Loughborough University

Pedro is heading to Loughborough University to study Sports Management. Having completed the IB Diploma, his passion for sport has been nurtured through ACS Cobham's extensive sports programme, giving him the opportunity to develop his skills, confidence and experience while preparing for his next step.

NORTH AMERICAN UNIVERSITIES

McGill University, Montreal

Lucy is heading to McGill University in Montreal to study Political Science. Having completed the IB Diploma and achieved an impressive 42 points, she is now taking the next step in her academic journey at one of Canada's leading universities.

University of Toronto, Canada

Ami has been awarded the highly selective Lester B. Pearson Scholarship to study at the University of Toronto's Faculty of Applied Science & Engineering. Having completed the IB Diploma, she has also earned a scholarship covering full tuition for four years, recognising her outstanding academic achievement, creativity and leadership potential.

Loyola University, USA

Aryan is heading to Loyola University New Orleans on a Golf scholarship. Having completed the AP

King's College London

Cihat, one of our boarding students from Turkey, is heading to King's College London to study Finance. Having completed the IB Diploma and always dreamed of working in the City of London, his university journey represents an exciting first step towards achieving his ambition in the world of finance.

Escape Studios – Game Design

Broderick is following his passion for gaming by heading to Escape Studios to study Game Design. Having completed the AP programme, he has chosen a specialist course that will allow him to build on his keen interest in the creative and technical world of gaming and pursue his ambition within the games industry..

University of Bath

Maya is heading to the University of Bath to study International Management. Having completed the IB Diploma, her degree includes a year-long placement in industry, giving her the opportunity to combine academic study with valuable real-world experience as she prepares for a future international career.

programme, his development through the ACS Cobham Golf Academy has helped him combine his academic journey with his passion for sport, preparing him to take this exciting next step in collegiate golf.

University of California, Berkeley

Elizaveta, one of our boarding students, has secured a place at the prestigious University of California, Berkeley. Having completed the AP programme, she will follow a US degree programme, continuing her academic journey in California and embracing the opportunities that come with studying at a globally recognised university.

Syracuse University, New York

Valentyn as accepted a place at the well known University in New York to take Liberal Arts & Film studies course.

"Achieving 43 points is something I'm incredibly proud of. The IB gave me the critical thinking, resilience and independence to balance the demands of academics and Division I baseball. I'm grateful to the teachers and community at ACS Cobham for their unwavering support, and excited to continue my academic and athletic journey at George Washington University."
