

*Chris, 17, from the UK
Grade 11*

My Boarding Experience

My first impression of the Boarding House was that it had a homely feeling. You feel like everyone is part of a family, and everyone knew each other very well.

Outside of studying, my favourite thing to do is play rugby. I am also training to be a Life Guard and working on the Namibia project to fund raise funds to help different schools in the country.

I have personally known the House Parents for quite a few years and they have become almost parents to us all – knowing each and every student personally, and caring for our safety and needs.

In school I study a mixture of AP and IB courses – four AP's and two IB's. I would like to go to the United States for university, I don't know exactly which one yet... but probably one in California :-)

Being in the dorm and also in the school has helped me become friends with different people from different cultures. The best thing about being a boarder is always having someone to talk to and never being bored.
