

*Elee, 14, from the USA
Grade 9*

My Boarding Experience

Wow! When I arrived here I was so surprised and happy that everyone was so nice and accepting of students from around the world. The best way I can describe the dorm is that it is one big family.

I love the fact that ACS have wonderful facilities, from their own athletics track, golf course, soccer pitches, rugby pitches, swimming pool, weight lifting facility, and three different gymnasiums. It's an amazing school.

I am still pretty young, but eventually I would like to study the IB Diploma as they are very highly credited at most universities in the UK. If I had to pick one university to attend, I would pick Oxford. And after that, I want to start my own robotics company.
