

*Pari, 16, from the UK
Grade 11*

My Boarding Experience

Everyone at ACS is so happy and excited to welcome you in. You are immediately made to feel part of the ACS family. The house parents play a big part in making this happen and have really helped me with tutoring. They are always available and a great source of support for settling into Boarding Life.

I am taking High Level IB Theatre, English Language and literature, History, German, Maths and Biology. In addition to my studies, I am busy with a lifeguarding course and participating in two charity organisations: Cancer Relief and Live below the Line.

I am interested in global and international relations as a possible future career.

Boarding at ACS has enabled me to change, develop, and become more open. Having a roommate has been fantastic, and has helped create the family feel we all share.
