

*Sam, 16, from Australia  
Grade 11*

## My Boarding Experience

What really attracted me to ACS Cobham is the breadth and depth of its athletics programme. I have been to a few International Schools in London and this one has the best facilities... especially for Rugby, which is my sport.

ACS Cobham is also a friendly school, and the boarders very supportive. House parents, teachers, support staff, and especially the students, are all very inclusive. Everyone is really nice, with different backgrounds to share; this is by far the most international school I have been to.

After school, when I am not studying, I am playing rugby. That is except Tuesdays when I do life guarding. The House Parents give us a lot of independence to do what we want to do, and importantly, the balance and guidance to also study hard. It is a perfect mix.

Being a boarder has helped me take hold of the steering wheel of my own life. And when I leave I want to go to university to study Engineering and Computer Science.

There really is something for everyone here, whether it is an after school club or a sport, it's a great community.
